The View

Green thumbs up for indoor plants

Bring the outdoors in with easy-care indoor plants for every different room

Did someone say chocolate?

We're dreaming of all the chocolate-y recipes we can make as Easter approaches

Over the back fence

Keep up to date with all the good things your fellow Palm Lake Resort family is up to

Welcome.

Welcome to another edition of *The View* newsletter.

The weather is still a little dreary and humid after Cyclone Alfred decided to descend upon us but, as a whole, our resort fared very well and it didn't sustain much damage. We have found a few minor issues with some of the electrical equipment but all will be rectified and back in working order soon. With all this rain around please try to keep your gutters and pipes clear of debris so the water can drain away quickly for you.

We have new homeowners coming into our community all the time so if you see any new faces around, make sure to give them a welcoming smile, perhaps invite them for a coffee at the Café, or ask them to join your table at our weekly meal on Tuesday nights. And if you know anyone who wants to join us here at the resort, make sure to keep an eye on the Homes for Sale pages - you can earn \$250 cash for referring a friend.

Just a housekeeping note around the big red recycle bins: Please only use them for what they are allowed. Refer to the big sticker on the bin if you are unsure. These bins are for bottles, cans and glass only. There is to be no plastic wrapping or bags placed in these bins. Your assistance in this regard is greatly appreciated.

Last but not least, we wanted to send a big congratulations to Steve and Kate, homeowners here at Palm Lake Resort Bethania, who were married in our Country Club in February. You can see their photo on Page 3. What a lovely couple and what a lovely celebration to be hosted in our resort. Good luck for the future, guys!

**Charna and Phil,
Palm Lake Resort Bethania Caretakers**

Wedded Bethania bliss for our Steve and Kate!

Check out the new Mr and Mrs Remy (also known to most of us as Steve and Kate, pictured below!), homeowners at Palm Lake Resort Bethania, who tied the knot on February 15. Their official ceremony was held here at the resort - how wonderful! We wish the Remys the best for their future life together.

OUR
HAPPY PALM
LAKE RESORT
COUPLE!

Autumn's here, and it's Your Time

With the arrival of Autumn, that means there's a new edition of *This is Your Time*, our company magazine, hitting mailboxes around the nation. In this edition, let us introduce you to Mirador Wellness Centre which is part of Palm Lake Resort Pelican Waters. Mirador is the largest and most opulent over-50s wellness centre in the Southern Hemisphere. We couldn't be prouder of this one - it's a showstopper. We've actually taken that wellness theme and sprinkled it right throughout this magazine edition. Learn more about all those wellness therapies that are 'trending' right now (spoiler alert: they aren't 'trending' as much as they are here to stay!) and why you should incorporate a little more wellness into your daily life. We also catch you up on the progress we're making on our construction sites. If you haven't received a hard copy in your mailbox, read it online: palllakeresort.com.au

Get social with us

Are you on social media? Make sure you follow Palm Lake Resort on Facebook (@palllakeresort) and also over on Instagram (@palllake.resort) to see what's happening right across our dozens of Palm Lake Resort locations. We also feature many warm-and-fuzzy stories from our seven Palm Lake Care aged caring communities on both social platforms (@palllake.care). With more than 10,000 people calling a Palm Lake address home, there's always loads going on!

Don't forget to check your speed

Please remember the speed limit around our community grounds is 10km/h. It is not hard to keep your foot off the accelerator so please keep an eye on your speedo as it is very easy for someone to have a mishap. Please slow down - and make sure to remind your visitors and/or invited tradespeople to do the same.

Giving back to the community

Do you have some spare time and want to give back to our local community, while also making a difference in someone's life? Palm Lake Care (owned and operated by the Palm Lake Group) is always looking for volunteers to either visit a local aged caring community and spend time with the residents, or assist the Lifestyle Team members in running some fun resident activities. If this sounds like something you'd like to do, contact Palm Lake Care Bethania on 3086 3000 or you can also volunteer at Palm Lake Care Mt Warren Park by phoning 3444 6000.

Death by chocolate.

IT’S OFFICIALLY THE SEASON OF CHOCOLATE, WHICH
MEANS YOU’LL PROBABLY RECEIVE A LOT OF IT OVER THE
COMING WEEKS. INSTEAD OF GORGING IT ALL IN ONE
SITTING, SPREAD THE LOVE BY TURNING IT INTO OTHER
CHOCOLATE-Y CREATIONS. YOUR VISITING GRANDIES WILL
NO DOUBT LOVE TO HELP YOU WITH THESE CHOC RECIPES!

Chocolate fondue

The most delicious addition to any dinner party! Melt down those
Easter bunnies and eggs into a gooey chocolate sauce, cut up
some fresh fruit (strawberries, raspberries, bananas) and other
sweet treats (peanuts, marshmallows, honeycomb chunks) and
get dipping.

Bonus: You can turn your fondue party into a long-lasting snack
by refrigerating your chocolate-dipped goodies.

Chocolate bark

It’s so simple, but so delicious. Chocolate bark is literally melted
chocolate poured onto a baking tray, and sprinkled with whatever
toppings you like. Dried fruit and nuts make it ever so slightly
healthy, but you can also get experimental making it taste like
your favourite chocolate bars – sprinkle desiccated coconut for a
Bounty Bar effect, or Twix-inspired caramel and crushed biscuits.

Chocolate pudding

Combine one cup of breadcrumbs, 1 ounce of brown sugar and
1 ounce of chocolate in a bowl. In a pot, add 2 ounces of butter
and 1 cup of milk and bring to a boil, then pour into the bowl
with the breadcrumb mixture. Let it soak for a few minutes. In
another bowl, whisk two eggs (keeping back one egg white) and
add to the breadcrumb mixture, along with vanilla essence (to
taste). Transfer the mixture to a greased pie dish and bake until
set. Whisk the remaining egg white and a little sugar to a froth,
roughly add to the top of the pudding and bake to a pale brown.

Chocolate crisps

An Australian classic! Melt a block of milk chocolate (or 180g
of Easter chocolate). Add as many cornflakes as the melted
chocolate will absorb. Mix lightly and drop in small mounds on
greaseproof paper. Allow to set hard in refrigerator or freezer.

Chocolate eclairs

Dissolve 1 ounce of butter in 4 tablespoons of hot water. When
quite mixed, add 1 ounce self-raising flour, remove from heat, stir
in a pinch of salt. Slowly, add 3 eggs and 3 ounces of sugar. Beat
all thoroughly for 2 or 3 minutes. Then, with a wooden spoon,
divide mixture into 16 rolls, 3 inches long and 1 inch wide. Bake in
hot oven in a greased tin until golden brown. With a sharp knife,
split open each eclair at one side and fill the centre with whipped
cream. Make some icing with 6 ounces icing sugar, the whites of
2 eggs whipped to a stiff froth and enough chocolate to colour
well. When this is smooth, add a little lemon juice and beat well.
Cover the eclairs with this mixture and set them aside to harden.

RELAXATION,
RENEWAL

Green thumbs up.

IT DOESN'T MATTER WHERE IN YOUR HOME YOU PLACE THEM, POTTED PLANTS ADD A SPECIAL SOMETHING TO ANY AND EVERY INTERIOR. THEY INJECT LITERAL LIFE INTO INANIMATE SPACES AND BEYOND THAT, THEY BENEFIT HOMES – AND THE HUMANS THAT INHABIT THEM – BY FILTERING AIR AND ABSORBING AIRBORNE TOXINS.

The biggest problem homeowners have with incorporating potted plants into their interior scheme is keeping them alive. Yes, unfortunately, many of us either set and forget our plants or at the other end of the scale, we shower them with too much love (read: water) and the end result is the same. Having said that, the biggest mistake homeowners make around indoor plants is in the very first step: Choosing the wrong plant for the space. You simply can't enter a nursery, fall in love with any lush pot of greenery and expect it to live anywhere in your home. Just like humans, plants can be fussy when it comes to their living arrangements. To help get you off on the right foot with adding plants to your home interior, follow these guidelines and suggestions to find a plant for some of the most obvious places...

In the kitchen

A lovely little potted plant on a bright kitchen windowsill or a bright benchtop, can do wonders for the heart of your home. Try these options that are cute in size but add mighty impact:

- **Geranium:** Compact. Flowers beautifully in full sun.
- **African Violet:** Prefers bright light but not extreme heat, making it great for sunny but cooler windowsills.
- **Kalanchoe:** A flowering succulent that enjoys direct sun.
- **Echeveria:** A beautiful rosette-shaped succulent that does well in sunny spots. Enmasse, these guys add even more

impact. For example, put four different Echeveria in four individual but matching/coordinating pots and group them together on a bright bench.

- **Basil:** Grows well in a sunny spot with regular watering.
- **Thyme:** A hardy herb that loves warmth and sunlight.

In the bathroom

Bathrooms are typically high humidity, low light spaces with temperature fluctuations, so the best plants for these conditions are ones that thrive in moisture-rich environments.

- **Peace Lily (Spathiphyllum):** Handles low light and high humidity, plus it purifies the air.
- **ZZ Plant (Zamioculcas zamiifolia):** Extremely hardy, tolerates low light and moisture.
- **Cast Iron Plant (Aspidistra elatior):** Almost indestructible and thrives in low light.
- **Boston Fern (Nephrolepis exaltata):** Loves humidity but needs regular watering. The good thing here is that you're probably more likely to remember to water your boston fern given it's a room where water is easily accessible.
- **Maidenhair Fern (Adiantum spp.):** Thrives in high humidity, though it needs consistent moisture. Again, a great location to remember to water your fern.
- **Bird's Nest Fern (Asplenium nidus):** Tolerates low light and loves moisture.

In the living area

These spaces call for larger plants that make more of a statement. Living spaces can be bright, or offer lower/ indirect light, depending on the orientation of your home and the available windows so you'll want something that can handle filtered light while also able to grow to a good indoor size.

- **Fiddle Leaf Fig (Ficus lyrata):** A popular indoor tree with large, glossy leaves. Prefers bright, indirect light and occasional watering.
- **Rubber Plant (Ficus elastica):** Low maintenance with dark green or variegated leaves; thrives in bright, indirect light.
- **Bird of Paradise (Strelitzia reginae or Strelitzia nicolai):** Large tropical plant with broad leaves. Loves bright spaces but not direct sun.
- **Kentia Palm (Howea forsteriana):** A graceful, slow-growing palm that adapts well to indoor conditions.
- **Parlor Palm (Chamaedorea elegans):** Classic indoor palm with a soft, tropical look; thrives in bright, indirect light.
- **Dragon Tree (Dracaena marginata):** Tall and slim with striking foliage, easy to care for, great for indoor air quality.
- **Umbrella Tree (Schefflera actinophylla):** Lush and bushy with an elegant shape, perfect for bright rooms.

From the ceiling

Hanging pots can provide unexpected drama in the right interior spaces. They can fill a space well and bring height to that space. Low-maintenance, lush indoor hanging plants are quite inexpensive and many require minimal care, including:

- **Heartleaf Philodendron (Philodendron hederaceum):** A fast-growing, trailing plant that thrives in indirect light and only needs occasional watering.
- **Spider Plant (Chlorophytum comosum):** Hardy and adaptable, this strappy-leaved specimen gets better and better as it matures as it produces baby 'spiderettes' that drape beautifully down from the pot.
- **Devil's Ivy (Epipremnum aureum):** One of the easiest plants to grow. It tolerates low light, occasional neglect and still looks full and lush. If you like this one, you'll also love the striking green and yellow variegated leaves of **Philodendron Brasil** and the bright lime-green version called **Neon Pothos** and finally, **Marble Queen Pothos** for its variegated white/green marbled leaves.
- **Silver Satin Pothos (Scindapsus pictus):** Another close relative of Devil's Ivy with velvety, silvery-speckled leaves.

...and a few other hot tips

- If you want to make a statement in your living space but your preferred indoor plant is smaller and doesn't have a tall, upright shape, simply choose a tall statement pot that lifts your plant off the ground.
- If the spot you want to fill is simply too dark for any plant to thrive, a vase filled with greenery is a great substitute. Monstera (Monstera deliciosa) offers iconic split leaves that last weeks in water. Lucky Bamboo (Dracaena sanderiana) thrives in water, adding height and structure to a vase. Eucalyptus branches are another great option.
- It's always a good idea to have a few indoor plants on an indoors/outdoors rotation so they are always getting a period of time outside to recharge and revitalise. They'll also love a little incidental nitrate-filled rainwater while they're outside having a holiday.

The Plant Society Design Handbook by Jason Chongue, \$45, from Murdoch Books

Love plants? Appreciate design? Want to combine the best of the two in your home? The Plant Society Design Handbook brings together essential know-how for incorporating the ethereal magic of plants into your living spaces, where a striking arrangement of succulents is just as important as an investment lounge or a standout piece of art.

Plant Society founder Jason Chongue offers a comprehensive guide to 80+ of his go-to plants, the conditions they thrive in and how to nurture them for a long life. He reveals the secrets to successful garden layouts, sharing design-led templates that are adaptable to different spaces, and explains how to navigate plant grouping and placement, as well as style fundamentals including colour, texture, shape and scale.

With these foundations, you can explore a vast array of garden design projects – from verdant plant shelves to bold balcony arrangements to fuss-free front yards. Jason's easy-to-follow garden blueprints take a design-first approach, focusing on how plants relate to the surrounding architecture, materials and environment. Whatever the scale of your living spaces and ambition, Jason brings the rewards of a personal plant stylist into your home.

Apps for smartphones

Planta: Individual care schedule and reminders for your plants, recommendations, step by step guides, identification, light meter and more. Keep your plants alive with Planta! Visit getplanta.com

PictureThis - Plant Identifier: This app identifies millions of plants with over 98 per cent accuracy, making plant care simple and accessible. It also offers a plant disease diagnosis tool, identifies toxic plants for pets and kids, and has a great water tracker and reminder function. For iPhone and iPad in the App Store.

Over the back fence.

THE PALM LAKE GROUP SPANS 30 RESORT ADDRESSES ACROSS THREE STATES AND SOME 10,000 PEOPLE CALL PALM LAKE GROUP HOME, SO THERE IS ALWAYS PLENTY OF GOOD NEWS AROUND OUR GROUNDS. IN THIS REGULAR SERIES, WE SHARE WITH YOU SOME STORIES OF WHAT YOUR FELLOW PALM LAKE RESORT 'FAMILY MEMBERS' HAVE BEEN UP TO RECENTLY - WHETHER THEY'RE JOINING FORCES TO DO GOOD IN THE GREATER COMMUNITY OR JOINING FORCES FOR FUN. ACROSS ALL OUR PALM LAKE RESORTS, 'PEOPLE' REALLY ARE OUR SUPERPOWER!

Palm Lake Care needs you.

As you know, the Palm Lake Group portfolio includes more than two dozen over-50s resort communities as well as seven aged caring communities across Queensland's south-east corner.

While our Palm Lake Care teams provide highly reputable 24-7 nursing support and engaging Lifestyle programs, they are currently on the hunt for community volunteers. In each community, these volunteers can choose to spend one-on-one time with the residents or support our teams in running group activities and excursions etc.

Palm Lake Resort Beachmere Bay's Robyn Crosbie says she loves nothing more than volunteering her time at Palm Lake Care Beachmere's aged caring community which is conveniently across the road from her resort.

"I've been volunteering there every week for the past six years, helping the Lifestyle Team facilitate their activities program," she smiles.

For example, you can find Robyn going on bus trips with the residents - taking them out to lunch and on scenic drives, sometimes also to church.

"Volunteering is not for everyone but I love it. My Dad was in aged care for seven years so I'm very used to the setting," Robyn explains. "I love a chat and find it very easy to talk to the residents. I love listening to their stories and they love listening to mine."

If you're based nearby one of our seven Palm Lake Care communities and would like to assist as a volunteer, we encourage you to make an inquiry. Simply visit www.palmlakecare.com.au and you'll find all the contact details you'll need there.

100
YEARS
YOUNG!

Lucky Phil.

Palm Lake Resort Eagleby homeowner Phil McDonald has just celebrated his 100th birthday! The Eagleby community knows Phil as an avid (lead) bowler. He's a favourite teammate among the skips, always close to the jack. Even if his bowl lands just a few feet out, he curses himself, though most of us would be thrilled to bowl as well as he does! His dedication to the game has undoubtedly kept him active and young at heart. At this rate, we wouldn't be surprised if he's still bowling at 110! Congrats to Phil, from all across the Palm Lake Group!

D-Bay delight.

It's been a record-breaking year for the charitable bunch at Palm Lake Resort Deception Bay. In 2024, they recycled a record 39,141 containers and donated more than \$3900 to Farm Angels (Farm Angels provides support to rural communities in time of flood, fire, drought and plagues). They also collected and donated items for hampers for the needy over the festive season, supporting organisations such as Community Care Network and The Lighthouse. Go team!

Homeowner golfers unite on the green.

GOLF IS DEFINITELY ONE WAY THAT OUR HOMEOWNERS BOND ACROSS RESORT ADDRESSES - AND THE MOST RECENT PALM LAKE INTER-RESORT GOLF CLASSIC IS PROOF OF THIS.

For the third successive year, Caloundra Cay golfers won the Palm Lake Resort Cup, but this time it was by the skinniest of margins. The winning resort team score was 60.32 (Caloundra Cay) over Pelican Waters (60.857) and Beachmere Bay (61.0). Golfers from Palm Lake Resorts at Pelican Waters, Toowoomba, Cooroy-Noosa, Beachmere Sands, Beachmere Bay, Hervey Bay and Caloundra Cay took part in the annual event, teaming up at the superb Pelican Waters Golf Course which is owned and operated by the Palm Lake Group.

And despite an absolute drenching in the days leading up to the event – which had been abandoned five days earlier – the course was presented in unbelievably good condition for the 31 teams and 120 individuals representing Palm Lake Resort homeowners.

Competing in a four-person Ambrose, the Beachmere Bay team of Graeme Clark, Michael Gregory, Stephen Walton and Ronald Rosenberger won the day, returning a nett score of 58.625. The Pelican Waters group of Steve Whitehead, Brendan Francome, Glenn Stamp and Ronald Wilkins (59) finished second, and Caloundra Cay's Ian Chew, Heather Busch, Trish McConnell and Terry Jones (59.625) came in third. But it was the overall scoring of the nine Caloundra Cay teams that resulted in the win, and the trophy returning to its 'home' at Hemingways Country Club.

– By TONY DURKIN

Our congrats to Greg.

Palm Lake Group was pleased to hear that Australian sporting identity Greg Norman was handpicked by Prime Minister Anthony Albanese to join the board organising the 2032 Brisbane Olympic and Paralympic Games. Greg Norman Golf Course Design was the team behind the original Pelican Waters Golf Course layout and they also helped our local team reconfigure the course to make way for Palm Lake Resort Pelican Waters. Greg is a supporter of the Palm Lake Group and we couldn't think of anyone more perfectly suited to this Olympic role. We send our congratulations to Greg and look forward to hosting him at Pelican Waters for a round, when he's in town.

Bravo Barnacles!

Palm Lake Resort Bargara's "Palm Lake Singers" is a choir formed by the resort's homeowners. This choir's male members have formed an additional separate choir group called "The Barnacles". Pictured above, the group stopped by Palm Lake Care Bargara recently and made a huge impression on the very grateful audience. We love seeing our homeowners involved in inter-resort events but it's just as great to see our resort homeowners and aged care communities coming together for mutual benefit. Bravo Barnacles!

Tell us what's happening over your back fence.

Has your resort got a warm and fuzzy "Over the back fence" story to share with the whole Palm Lake Resort group? Are you and/or your neighbours doing something special that you're proud of - and you know we'd be proud of too? We'd love to hear from you and include your story in these pages in the next editions of all our resort newsletters.

Simply contact your Caretakers or email the details to Belinda at belinda@bellepr.com
