Important

About this document

The Residential Park Comparison Document assists prospective manufactured home owners compare residential parks by providing general information about a park and their facilities and services, including the costs of moving into, living in and leaving the residential park. It is not intended to provide information about individual manufactured homes within a park. It doesn't form advice or guidance, and any prospective home owner is encouraged to seek independent financial and legal advice.

Key things to know about residential parks

Manufactured homes in residential parks are a form of housing where manufactured home owners own their dwelling and position them on sites in a residential park owned by a park owner. Home owners enter into a site agreement with the park owner for the use of the land and communal facilities, services and amenities and pay the park owner site rent.

Buying a manufactured home is a significant commitment, and when you enter into a site agreement you are agreeing to continue paying site rent for as long as you own the home, or until you remove the home from the site in the park.

In a residential park, **site rents can increase at regular intervals based on the terms of your site agreement** and subject to legislation on site rent increases in the *Manufactured Homes (Residential Parks) Act 2003*.

You should carefully consider whether you can afford the ongoing expenses of living in the residential park, and how this will increase over time. You are strongly encouraged to seek independent financial and legal advice from an experienced Queensland lawyer about your rights, options and obligations as a manufactured home owner before buying a manufactured home in a residential park and entering into a site agreement.

Home Owners Committee

Home owners are encouraged to establish a single home owners committee. Committee members hold office for not more than 1 year but may be re-elected. Annual elections must be held to elect committee members. All home owners are eligible for election. Please refer to the full details pertaining to the establishment of a committee in the *Manufactured Homes (Residential Parks) Act 2003*.

PARK OWNER'S RECOMMENDATIONS

The Park Owner makes the following recommendations to all Home Owners in the Resort.

a) Insurance

Home owners are encouraged to take out adequate insurance coverage of their home and public liability.

b) Smoke Detectors

Smoke detectors have been compulsory in all accommodation buildings since 1999 and must comply with current regulations. Home Owners, in the interest of the safety of all fellow home owners, are encouraged to maintain in good working order the smoke detectors installed throughout the home and to install extinguishers and fire blankets (in kitchen areas).

c) Vermin and insects

To ensure that home owners keep homes free of infestation by vermin and insects, home owners are encouraged to arrange for a thorough pest inspection to be carried out by an accredited pest control company at least once each year.
