Bay Breeze

Green thumbs up for indoor plants

Bring the outdoors in with easy-care indoor plants for every different room

Palm Lake Resort homes for sale

Do you know someone looking to make the move? We might have just the abode for them...

Over the back fence

Keep up to date with all the good things your fellow Palm Lake Resort family is up to

Pictured here and on the cover: We are so lucky that we get to call this special place home. Photos courtesy of Tourism Queensland.

Welcome.

Welcome everyone to another edition of our resort newsletter, *Bay Breeze*.

We have had a lot of variety within the resort and the months seem to be flying past us again. Time to reflect and remember to make the most of our days and for those residents still working, including our Resort Staff and ourselves, to enjoy a work/life balance. For those retirees as well, the importance of keeping the mind stimulated and keep the body active. It is lovely to see the activities being enjoyed within the resort, from the Aqua, Thai Chi, Bingo, line dancers, bowlers, Tennis, and the social events from the 4F's Club and our Social Activities organised by our social co-ordinator. All residents are welcome to join the art classes, bowling, or any other classes.

It is time for the music to start up again with some local live music, let's support our local entertainment and enjoy getting together for some friendship, fellowship, and fun, and let's not forget to bring your dancing shoes.

We have managed to implement some local talks and updates within our community and looking forward to our local Councillor, Michelle Govers, meet and greets who will soon be joining us at the resort and the up-to-date news via emails. Keeping us informed of workshops, community teas, arts, and reservoir upgrades and more, and our Queensland Police Service Programme Discussions on keeping us safe from Cyber Crime and Identity Theft.

There has been a lot of movement in homes being sold and new residents moving in and it is lovely to see them fitting in and feeling welcome within our resort and community, and we look forward to welcoming a few more new faces to our resort within the next couple of months.

Keep up the community spirit and keep enjoying good things....

Bev and Fury,
Palm Lake Resort Hervey Bay Caretakers

News in brief.

Autumn's here, and it's Your Time

It's the start of a new season and that means there's a new edition of *This is Your Time*, our company magazine, hitting mailboxes around the nation. In this edition, let us introduce you to Mirador Wellness Centre which is part of Palm Lake Resort Pelican Waters. Mirador is the largest and most opulent over-50s wellness centre in the Southern Hemisphere. We couldn't be prouder of this one - it's a showstopper. We've actually taken that wellness theme and sprinkled it right throughout this magazine edition. Learn more about all those wellness therapies that are 'trending' right now (spoiler alert: they aren't 'trending' as much as they are here to stay!) and why you should incorporate a little more wellness into your daily life. We also catch you up on the progress we're making on our construction sites. If you haven't received a hard copy in your mailbox, read it online: pallmlakeresort.com.au

The 4Fs do it again!

Pictured above: Welcome to our new homeowners, Ken and his wife Carol. The newbies were snapped at a 'Welcome home' morning tea put on by the 4F's Gail Davidson recently. We hope you guys are loving life, and living large, here at Palm Lake Resort Hervey Bay!

RELAXATION,
RENEWAL

Green thumbs up.

IT DOESN'T MATTER WHERE IN YOUR HOME YOU PLACE THEM, POTTED PLANTS ADD A SPECIAL SOMETHING TO ANY AND EVERY INTERIOR. THEY INJECT LITERAL LIFE INTO INANIMATE SPACES AND BEYOND THAT, THEY BENEFIT HOMES – AND THE HUMANS THAT INHABIT THEM – BY FILTERING AIR AND ABSORBING AIRBORNE TOXINS.

The biggest problem homeowners have with incorporating potted plants into their interior scheme is keeping them alive. Yes, unfortunately, many of us either set and forget our plants or at the other end of the scale, we shower them with too much love (read: water) and the end result is the same. Having said that, the biggest mistake homeowners make around indoor plants is in the very first step: Choosing the wrong plant for the space. You simply can't enter a nursery, fall in love with any lush pot of greenery and expect it to live anywhere in your home. Just like humans, plants can be fussy when it comes to their living arrangements. To help get you off on the right foot with adding plants to your home interior, follow these guidelines and suggestions to find a plant for some of the most obvious places...

In the kitchen

A lovely little potted plant on a bright kitchen windowsill or a bright benchtop, can do wonders for the heart of your home. Try these options that are cute in size but add mighty impact:

- **Geranium:** Compact. Flowers beautifully in full sun.
- **African Violet:** Prefers bright light but not extreme heat, making it great for sunny but cooler windowsills.
- **Kalanchoe:** A flowering succulent that enjoys direct sun.
- **Echeveria:** A beautiful rosette-shaped succulent that does well in sunny spots. Enmasse, these guys add even more

impact. For example, put four different Echeveria in four individual but matching/coordinating pots and group them together on a bright bench.

- **Basil:** Grows well in a sunny spot with regular watering.
- **Thyme:** A hardy herb that loves warmth and sunlight.

In the bathroom

Bathrooms are typically high humidity, low light spaces with temperature fluctuations, so the best plants for these conditions are ones that thrive in moisture-rich environments.

- **Peace Lily (Spathiphyllum):** Handles low light and high humidity, plus it purifies the air.
- **ZZ Plant (Zamioculcas zamiifolia):** Extremely hardy, tolerates low light and moisture.
- **Cast Iron Plant (Aspidistra elatior):** Almost indestructible and thrives in low light.
- **Boston Fern (Nephrolepis exaltata):** Loves humidity but needs regular watering. The good thing here is that you're probably more likely to remember to water your boston fern given it's a room where water is easily accessible.
- **Maidenhair Fern (Adiantum spp.):** Thrives in high humidity, though it needs consistent moisture. Again, a great location to remember to water your fern.
- **Bird's Nest Fern (Asplenium nidus):** Tolerates low light and loves moisture.

In the living area

These spaces call for larger plants that make more of a statement. Living spaces can be bright, or offer lower/ indirect light, depending on the orientation of your home and the available windows so you'll want something that can handle filtered light while also able to grow to a good indoor size.

- **Fiddle Leaf Fig (Ficus lyrata):** A popular indoor tree with large, glossy leaves. Prefers bright, indirect light and occasional watering.
- **Rubber Plant (Ficus elastica):** Low maintenance with dark green or variegated leaves; thrives in bright, indirect light.
- **Bird of Paradise (Strelitzia reginae or Strelitzia nicolai):** Large tropical plant with broad leaves. Loves bright spaces but not direct sun.
- **Kentia Palm (Howea forsteriana):** A graceful, slow-growing palm that adapts well to indoor conditions.
- **Parlor Palm (Chamaedorea elegans):** Classic indoor palm with a soft, tropical look; thrives in bright, indirect light.
- **Dragon Tree (Dracaena marginata):** Tall and slim with striking foliage, easy to care for, great for indoor air quality.
- **Umbrella Tree (Schefflera actinophylla):** Lush and bushy with an elegant shape, perfect for bright rooms.

From the ceiling

Hanging pots can provide unexpected drama in the right interior spaces. They can fill a space well and bring height to that space. Low-maintenance, lush indoor hanging plants are quite inexpensive and many require minimal care, including:

- **Heartleaf Philodendron (Philodendron hederaceum):** A fast-growing, trailing plant that thrives in indirect light and only needs occasional watering.
- **Spider Plant (Chlorophytum comosum):** Hardy and adaptable, this strappy-leaved specimen gets better and better as it matures as it produces baby 'spiderettes' that drape beautifully down from the pot.
- **Devil's Ivy (Epipremnum aureum):** One of the easiest plants to grow. It tolerates low light, occasional neglect and still looks full and lush. If you like this one, you'll also love the striking green and yellow variegated leaves of **Philodendron Brasil** and the bright lime-green version called **Neon Pothos** and finally, **Marble Queen Pothos** for its variegated white/green marbled leaves.
- **Silver Satin Pothos (Scindapsus pictus):** Another close relative of Devil's Ivy with velvety, silvery-speckled leaves.

...and a few other hot tips

- If you want to make a statement in your living space but your preferred indoor plant is smaller and doesn't have a tall, upright shape, simply choose a tall statement pot that lifts your plant off the ground.
- If the spot you want to fill is simply too dark for any plant to thrive, a vase filled with greenery is a great substitute. Monstera (Monstera deliciosa) offers iconic split leaves that last weeks in water. Lucky Bamboo (Dracaena sanderiana) thrives in water, adding height and structure to a vase. Eucalyptus branches are another great option.
- It's always a good idea to have a few indoor plants on an indoors/outdoors rotation so they are always getting a period of time outside to recharge and revitalise. They'll also love a little incidental nitrate-filled rainwater while they're outside having a holiday.

The Plant Society Design Handbook by Jason Chongue, \$45, from Murdoch Books

Love plants? Appreciate design? Want to combine the best of the two in your home? The Plant Society Design Handbook brings together essential know-how for incorporating the ethereal magic of plants into your living spaces, where a striking arrangement of succulents is just as important as an investment lounge or a standout piece of art.

Plant Society founder Jason Chongue offers a comprehensive guide to 80+ of his go-to plants, the conditions they thrive in and how to nurture them for a long life. He reveals the secrets to successful garden layouts, sharing design-led templates that are adaptable to different spaces, and explains how to navigate plant grouping and placement, as well as style fundamentals including colour, texture, shape and scale.

With these foundations, you can explore a vast array of garden design projects – from verdant plant shelves to bold balcony arrangements to fuss-free front yards. Jason's easy-to-follow garden blueprints take a design-first approach, focusing on how plants relate to the surrounding architecture, materials and environment. Whatever the scale of your living spaces and ambition, Jason brings the rewards of a personal plant stylist into your home.

Apps for smartphones

Planta: Individual care schedule and reminders for your plants, recommendations, step by step guides, identification, light meter and more. Keep your plants alive with Planta! Visit getplanta.com

PictureThis - Plant Identifier: This app identifies millions of plants with over 98 per cent accuracy, making plant care simple and accessible. It also offers a plant disease diagnosis tool, identifies toxic plants for pets and kids, and has a great water tracker and reminder function. For iPhone and iPad in the App Store.

Wattle provides serenity

Experience serene lakeside living in this stunning Wattle design home, featuring beautiful lake views. The open-plan layout includes a spacious kitchen and an all-weather alfresco area, perfect for overlooking to internal lakes. The home also features a double garage ideal for golf carts and bikes. A well-presented property, ready for inspection. Key features include:

- All-weather alfresco area overlooking the lake
- Double garage, ideal for golf carts, bikes, and easy home access
- Well-presented and move-in ready

Over the back fence.

THE PALM LAKE GROUP SPANS 30 RESORT ADDRESSES ACROSS THREE STATES AND SOME 10,000 PEOPLE CALL PALM LAKE GROUP HOME, SO THERE IS ALWAYS PLENTY OF GOOD NEWS AROUND OUR GROUNDS. IN THIS REGULAR SERIES, WE SHARE WITH YOU SOME STORIES OF WHAT YOUR FELLOW PALM LAKE RESORT 'FAMILY MEMBERS' HAVE BEEN UP TO RECENTLY - WHETHER THEY'RE JOINING FORCES TO DO GOOD IN THE GREATER COMMUNITY OR JOINING FORCES FOR FUN. ACROSS ALL OUR PALM LAKE RESORTS, 'PEOPLE' REALLY ARE OUR SUPERPOWER!

Palm Lake Care needs you.

As you know, the Palm Lake Group portfolio includes more than two dozen over-50s resort communities as well as seven aged caring communities across Queensland's south-east corner.

While our Palm Lake Care teams provide highly reputable 24-7 nursing support and engaging Lifestyle programs, they are currently on the hunt for community volunteers. In each community, these volunteers can choose to spend one-on-one time with the residents or support our teams in running group activities and excursions etc.

Palm Lake Resort Beachmere Bay's Robyn Crosbie says she loves nothing more than volunteering her time at Palm Lake Care Beachmere's aged caring community which is conveniently across the road from her resort.

"I've been volunteering there every week for the past six years, helping the Lifestyle Team facilitate their activities program," she smiles.

For example, you can find Robyn going on bus trips with the residents - taking them out to lunch and on scenic drives, sometimes also to church.

"Volunteering is not for everyone but I love it. My Dad was in aged care for seven years so I'm very used to the setting," Robyn explains. "I love a chat and find it very easy to talk to the residents. I love listening to their stories and they love listening to mine."

If you're based nearby one of our seven Palm Lake Care communities and would like to assist as a volunteer, we encourage you to make an inquiry. Simply visit www.palmlakecare.com.au and you'll find all the contact details you'll need there.

100
YEARS
YOUNG!

Lucky Phil.

Palm Lake Resort Eagleby homeowner Phil McDonald has just celebrated his 100th birthday! The Eagleby community knows Phil as an avid (lead) bowler. He's a favourite teammate among the skips, always close to the jack. Even if his bowl lands just a few feet out, he curses himself, though most of us would be thrilled to bowl as well as he does! His dedication to the game has undoubtedly kept him active and young at heart. At this rate, we wouldn't be surprised if he's still bowling at 110! Congrats to Phil, from all across the Palm Lake Group!

D-Bay delight.

It's been a record-breaking year for the charitable bunch at Palm Lake Resort Deception Bay. In 2024, they recycled a record 39,141 containers and donated more than \$3900 to Farm Angels (Farm Angels provides support to rural communities in time of flood, fire, drought and plagues). They also collected and donated items for hampers for the needy over the festive season, supporting organisations such as Community Care Network and The Lighthouse. Go team!

Homeowner golfers unite on the green.

GOLF IS DEFINITELY ONE WAY THAT OUR HOMEOWNERS BOND ACROSS RESORT ADDRESSES - AND THE MOST RECENT PALM LAKE INTER-RESORT GOLF CLASSIC IS PROOF OF THIS.

For the third successive year, Caloundra Cay golfers won the Palm Lake Resort Cup, but this time it was by the skinniest of margins. The winning resort team score was 60.32 (Caloundra Cay) over Pelican Waters (60.857) and Beachmere Bay (61.0). Golfers from Palm Lake Resorts at Pelican Waters, Toowoomba, Cooroy-Noosa, Beachmere Sands, Beachmere Bay, Hervey Bay and Caloundra Cay took part in the annual event, teaming up at the superb Pelican Waters Golf Course which is owned and operated by the Palm Lake Group.

And despite an absolute drenching in the days leading up to the event – which had been abandoned five days earlier – the course was presented in unbelievably good condition for the 31 teams and 120 individuals representing Palm Lake Resort homeowners.

Competing in a four-person Ambrose, the Beachmere Bay team of Graeme Clark, Michael Gregory, Stephen Walton and Ronald Rosenberger won the day, returning a nett score of 58.625. The Pelican Waters group of Steve Whitehead, Brendan Francome, Glenn Stamp and Ronald Wilkins (59) finished second, and Caloundra Cay's Ian Chew, Heather Busch, Trish McConnell and Terry Jones (59.625) came in third. But it was the overall scoring of the nine Caloundra Cay teams that resulted in the win, and the trophy returning to its 'home' at Hemingways Country Club.

– By TONY DURKIN

Our congrats to Greg.

Palm Lake Group was pleased to hear that Australian sporting identity Greg Norman was handpicked by Prime Minister Anthony Albanese to join the board organising the 2032 Brisbane Olympic and Paralympic Games. Greg Norman Golf Course Design was the team behind the original Pelican Waters Golf Course layout and they also helped our local team reconfigure the course to make way for Palm Lake Resort Pelican Waters. Greg is a supporter of the Palm Lake Group and we couldn't think of anyone more perfectly suited to this Olympic role. We send our congratulations to Greg and look forward to hosting him at Pelican Waters for a round, when he's in town.

Bravo Barnacles!

Palm Lake Resort Bargara's "Palm Lake Singers" is a choir formed by the resort's homeowners. This choir's male members have formed an additional separate choir group called "The Barnacles". Pictured above, the group stopped by Palm Lake Care Bargara recently and made a huge impression on the very grateful audience. We love seeing our homeowners involved in inter-resort events but it's just as great to see our resort homeowners and aged care communities coming together for mutual benefit. Bravo Barnacles!

Tell us what's happening over your back fence.

Has your resort got a warm and fuzzy "Over the back fence" story to share with the whole Palm Lake Resort group? Are you and/or your neighbours doing something special that you're proud of - and you know we'd be proud of too? We'd love to hear from you and include your story in these pages in the next editions of all our resort newsletters.

Simply contact your Caretakers or email the details to Belinda at belinda@bellepr.com

Making memories.
